# CLUB FANTASY CRICKET

*Your Club! Your Players!*

**Whoever or wherever you are...**

**You can play your clubs' fantasy league...**

Starting *in-house*, hoping to create a simple cricket fantasy game for our *community cricket club* of just 2 teams (plus a team of veterans), we created this game, hoping it could be a fun experience for all who may play it..

*We were no experts creating this game, but complete cricket fanatics, as most of us are...*

*We worked on creating the game ourselves and opened it for club members, families and friends to play, numbers nearly hit 50 users, all eager to play the game (i.e. in a club of just 30-35 lads!) and have fun...*

---

*'Good, fun competition. Well laid out and was kept in the loop about all upcoming changes, phases and leaders'*

*- Collin Richardson (follower of Deakin Cricket Club)*

---

**Results**...In 2 years that we have run fantasy league for Deakin Cricket Club, we've had over 120 registered users, and now, we are being asked, 'Are you bringing out the league for us in 2015/16?'...'Yes We Surely Are'...
